

TRIBUTE TO REVEREND THEODORE JUDSON JEMISON

Ms. LANDRIEU. Madam President, today I wish to ask my colleagues to join me in recognizing one of Louisiana's courageous civil rights leaders, the Reverend Theodore Judson "T.J." Jemison, who passed on November 15, 2013, at the age of 95 in Baton Rouge, LA. Reverend Jemison, the youngest of six children, was born in Selma, AL in 1918.

Reverend Jemison attended Alabama State College for his undergraduate degree and received a master's of divinity degree from Virginia Union University. He became a heroic leader in the civil rights movement, served as pastor of Mount Zion First Baptist Church for nearly a half century, and was president of the National Baptist Convention for 12 years.

Reverend Jemison orchestrated the Baton Rouge bus boycott of 1953—a model that would later be adopted by Dr. Martin Luther King, Jr., in Montgomery, AL. Reverend Jemison actively pressured the Baton Rouge City Council to ensure equal treatment for African-American passengers who were barred from seating in areas designated White-only. Through this work Reverend Jemison helped expand the civil rights to many of the citizens of Louisiana.

Reverend Jemison served as president of the National Baptist Convention, the largest Black Baptist organization in the United States, from 1982–1994. As the organization's president, Reverend Jemison worked to promote the principles of the social gospel. He also oversaw the construction of the Baptist World Center in Nashville, TN. Reverend Jemison worked tirelessly to fight for equality, education, and opportunity not only for African Americans in Louisiana but across the country as well.

Reverend Jemison was a true inspiration to all that had the great privilege to know him. I am grateful and honored to have known him. My deepest condolences go out to his family and all of those whose lives he touched. My deepest condolences go out to his family and all of those whose lives he touched. He will be greatly missed.

ADDITIONAL STATEMENTS

ABRAMSON CANCER CENTER

• Mr. CASEY. Madam President, today I wish to recognize the 40th anniversary of the Abramson Cancer Center of the University of Pennsylvania.

Since its founding, the University of Pennsylvania has been at the forefront of education. It is one of the oldest universities in the United States, founded in 1740 by Benjamin Franklin who later went out on to found the Nation's first hospital, Pennsylvania Hospital. From its inception the university was a leader in medical care and research which culminated in the creation of the Na-

tion's first school of medicine in 1765 and then the first teaching hospital, the Hospital of the University of Pennsylvania in 1874. Today, the Perelman School of Medicine at the University of Pennsylvania is ranked in the top 5 best medical schools in the country and the hospital is ranked in the top 15 best hospitals.

With the growing diagnoses of cancer throughout the world, in 1973 a dedicated team of specialists established a center that would bring together all cancer research at the university, which one year later was designated a comprehensive cancer center by National Cancer Institute, NCI, one of only 41 in the country. In 2002, the center changed its name to the Abramson Cancer Center after the generous donation from Leonard and Madlyn Abramson. This gift allowed the center to conduct innovative cancer research and improve the quality of care for patients.

The Abramson Cancer Center is composed of 318 faculty members from 37 departments and 8 schools within the University of Pennsylvania. In 2010, the NCI described the quality of care at the center as "exceptional." One of the reasons the Abramson Cancer Center is ranked among the top 15 cancer centers in the country is because of its outstanding faculty collaboration. Healthcare professionals including medical and radiation oncologists, counselors, dietitians, and rehabilitation specialists work together to ensure that patients receive the most comprehensive care possible.

Having the Madlyn and Leonard Abramson Family Cancer Research Institute as a part of the university research facilities ensures that the transition between the laboratory and the clinical care setting is expedited. This guarantees that patients are able to receive the cutting-edge treatment and prevention options they need.

Since its establishment, the Abramson Cancer Center has been essential in the fight to cure cancer. The center works to achieve this through extensive research, innovative clinical trials and exceptional cancer care.

I am proud that the Abramson Cancer Center is located in the great Commonwealth of Pennsylvania and wish to congratulate and recognize them on their 40th anniversary. •
